COMPANY OVERVIEW & LEGACY

Pioneering Mineral Craftsmanship & Surface Innovation

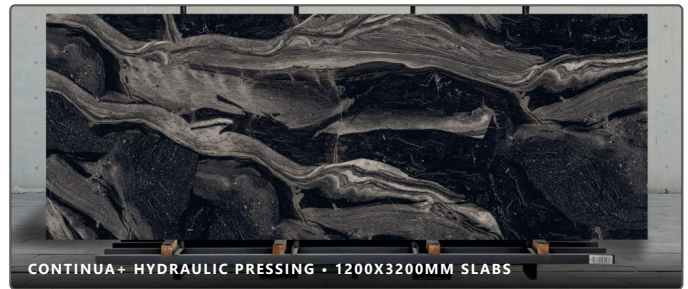

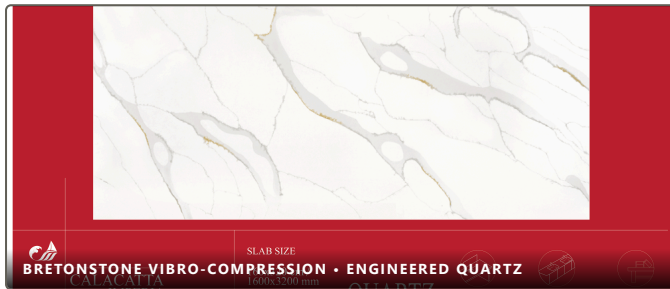

Located in Morbi, Gujarat—the second-largest ceramic and engineered surface cluster on earth—Sheen Overseas unites century-old mineral expertise with computerized vacuum vibro-compression and continuous roller kilns to produce surfaces of unrivaled durability and beauty.

Advanced Manufacturing Facilities

Our integrated plants house fully automated vibro-compression quartz lines, diamond calibration calibrators, 5-axis CNC bridge cutting stations, and 16-head polishing lines capable of achieving 90+ gloss reflectivity.

Strategic Port Proximity

Located only 180 km from Mundra Port (India's premier deep-draft container terminal), our logistics division achieves prompt container drayage, customs clearance, and seamless ocean sailings.

ANNUAL PRODUCTION CAPACITIES

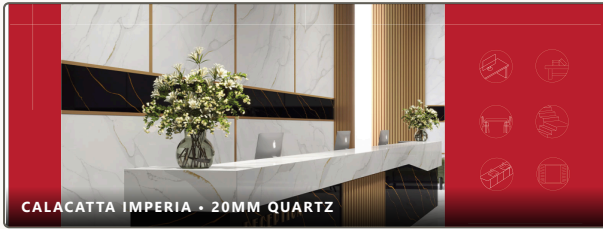

- **Engineered Quartz Surfaces:** 1,800,000+ M² / Year (Jumbo 3200x1600 mm format)
- **Architectural Tiles & Large Porcelain Slabs:** 5,500,000+ M² / Year

PRODUCT SPECTRUM

Curated Architectural Surface Portfolios

Designed for global architects, interior designers, commercial contractors, and stone distributors seeking timeless aesthetics backed by industrial performance.

1. Engineered Quartz Jumbo Slabs (3200 x 1600 MM)

Thicknesses: 15mm, 18mm, 20mm, 30mm • **Finishes:** Polished (90+ Gloss), Suede Matte, Leathered
Collections: Calacatta Imperia, Statuario Royal, Nero Marquina, Carrara Elegance, Sparkling Mirror Series.
Specs: Non-porous (<0.03% absorption), Mohs 6.5–7 scratch hardness, stain proof against wine, oils, acids.

2. Large-Format Sintered Porcelain Slabs

Sizes: 1200x3200, 1200x2400, 800x3000, 800x2400 mm • **Thickness:** 9mm, 12mm, 15mm
Applications: Facades, monolithic islands, vanity countertops, continuous floor-to-ceiling cladding.
Specs: Zero water absorption (≤0.06%), breaking strength >7200 N, fireproof (Class A1), UV stable.

3. Vitrified & Glazed Porcelain Architectural Tiles

Floor Formats: 600x1200 mm, 600x600 mm, 400x400 mm GVT / PGVT / High-Traffic Carving.
Wall Formats: 300x450 mm (12"x18"), 300x600 mm (12"x24") digital glazed ceramic ensembles.
Specs: Rectified precision edges, R10 slip resistance, ISO 13006 Group Bla certified.

GLOBAL TRADE EXECUTION

Worldwide Supply Chain & Mixed Container Solutions

We handle FOB, CIF, CFR, and DDP shipments with dedicated export documentation: Bill of Lading, Certificate of Origin, Mill Test Certificates, and Phytosanitary Fumigation paperwork.

Mixed Container Consolidation

Maximize inventory efficiency by combining quartz jumbo slabs and vitrified wall/floor tiles in a single 20ft container directly from Morbi.

Seaworthy Packaging Standard

ISPM-15 heat-treated fumigated wooden A-frames and euro-pallets with steel strapping, corner protectors, and moisture-barrier wrap.

KEY EXPORT DESTINATIONS

- **Americas:** United States, Canada, Mexico, Brazil, Colombia
- **Europe:** United Kingdom, Germany, Poland, France, Spain, Italy, Netherlands
- **Middle East:** UAE (Dubai/Jebel Ali), Saudi Arabia (Jeddah/Dammam), Qatar, Oman, Kuwait
- **Asia-Pacific:** Australia, New Zealand, Singapore, Malaysia, Vietnam
