precision, passion, and perfection.

BEYOND
THE
SURFACE.

Where Quality Meets Beauty.

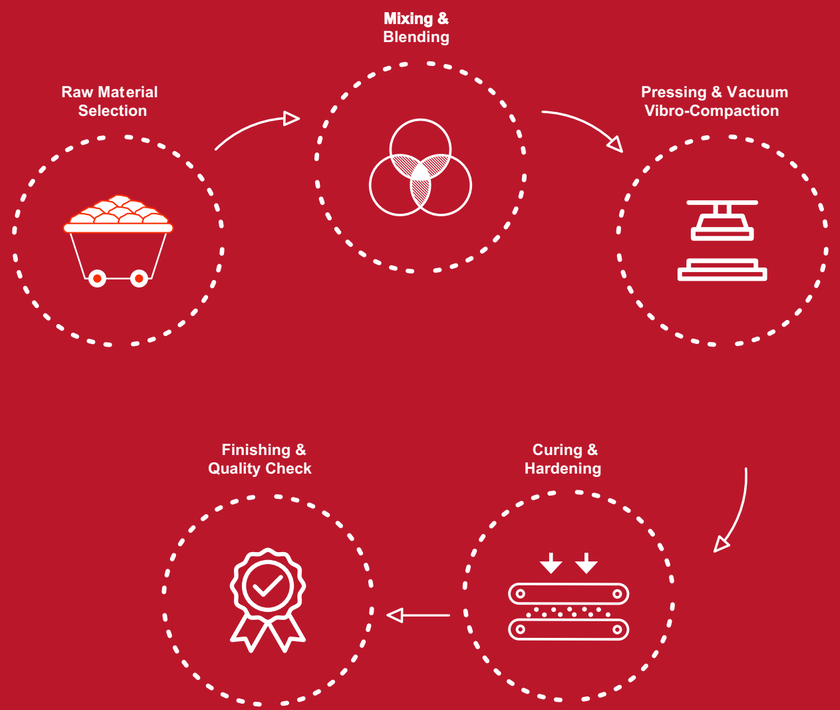

“More colors. More beauty.
One destination:
www.sheenoverseas.com

Quartz stone is an advanced engineered surface made from natural quartz crystals, one of the hardest minerals found in the Earth. Combined with high-performance resins and pigments, quartz surfaces deliver the luxurious appearance of natural stone with superior strength, consistency, and durability. Unlike natural marble or granite, quartz stone is non-porous, stain-resistant, and low maintenance, making it ideal for both residential and commercial applications. From elegant kitchen countertops to high-traffic commercial interiors, quartz offers unmatched versatility, hygiene, and timeless beauty.
At Sheen Overseas, our quartz slabs are manufactured using cutting-edge technology and strict quality controls to ensure precision, performance, and perfect finish. Every slab is designed to bring lasting value and visual impact to your space.

QASR SERIES - CARRARA

The QASR Series draws inspiration from the soft elegance of Italian Carrara marble, combined with the timeless architecture of Islamic palaces—"Qasr" meaning "palace" in Arabic. This series features subtle, flowing veins on a clean white or grey-toned base, offering a sense of calm sophistication. It’s ideal for serene, minimal interiors that seek classic style with a modern touch. Each slab in the QASR Series is designed to reflect grace, purity, and balance. Its non-porous surface, easy maintenance, and long-lasting durability make it a perfect choice for residential and commercial spaces alike. From kitchen countertops to bathroom vanities and wall cladding, the QASR Series brings a touch of royal simplicity to every design.
